YOUTH & TOURNAMENT GAMES

Let's be honest, sometimes we can't have the pregame conference due to time. With youth and tournament games using running time, starting on the hour and **ALWAYS** behind schedule, we can't always follow all the steps...so what should we do?

- At the first faceoff, have a quick conversation defining your expectations on how you want to conduct the faceoff.
- What do you want from the players?
- What are the main points you want to address for the faceoff to be conducted smoothly.

WING PLAYERS

DON'T FORGET ABOUT THEM

- Wing players can only check the faceoff players stick until the faceoff has ended
- If a wing player body checks his opponent while on the ground or while crouched for a face off it's an Illegal Body Check.

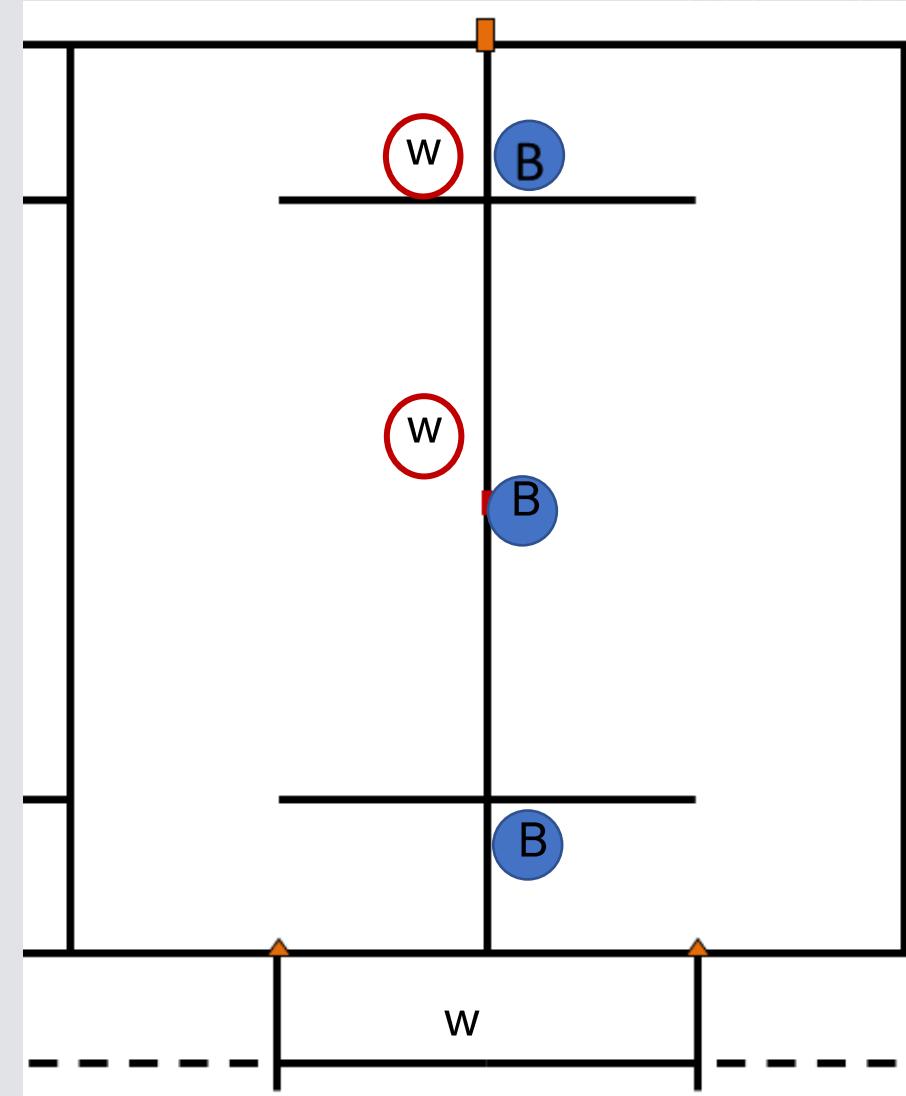

PLAYERS IN PENALTY AREA DURING A FACEOFF

KNOW THE PROTOCOLS FOR RELEASE

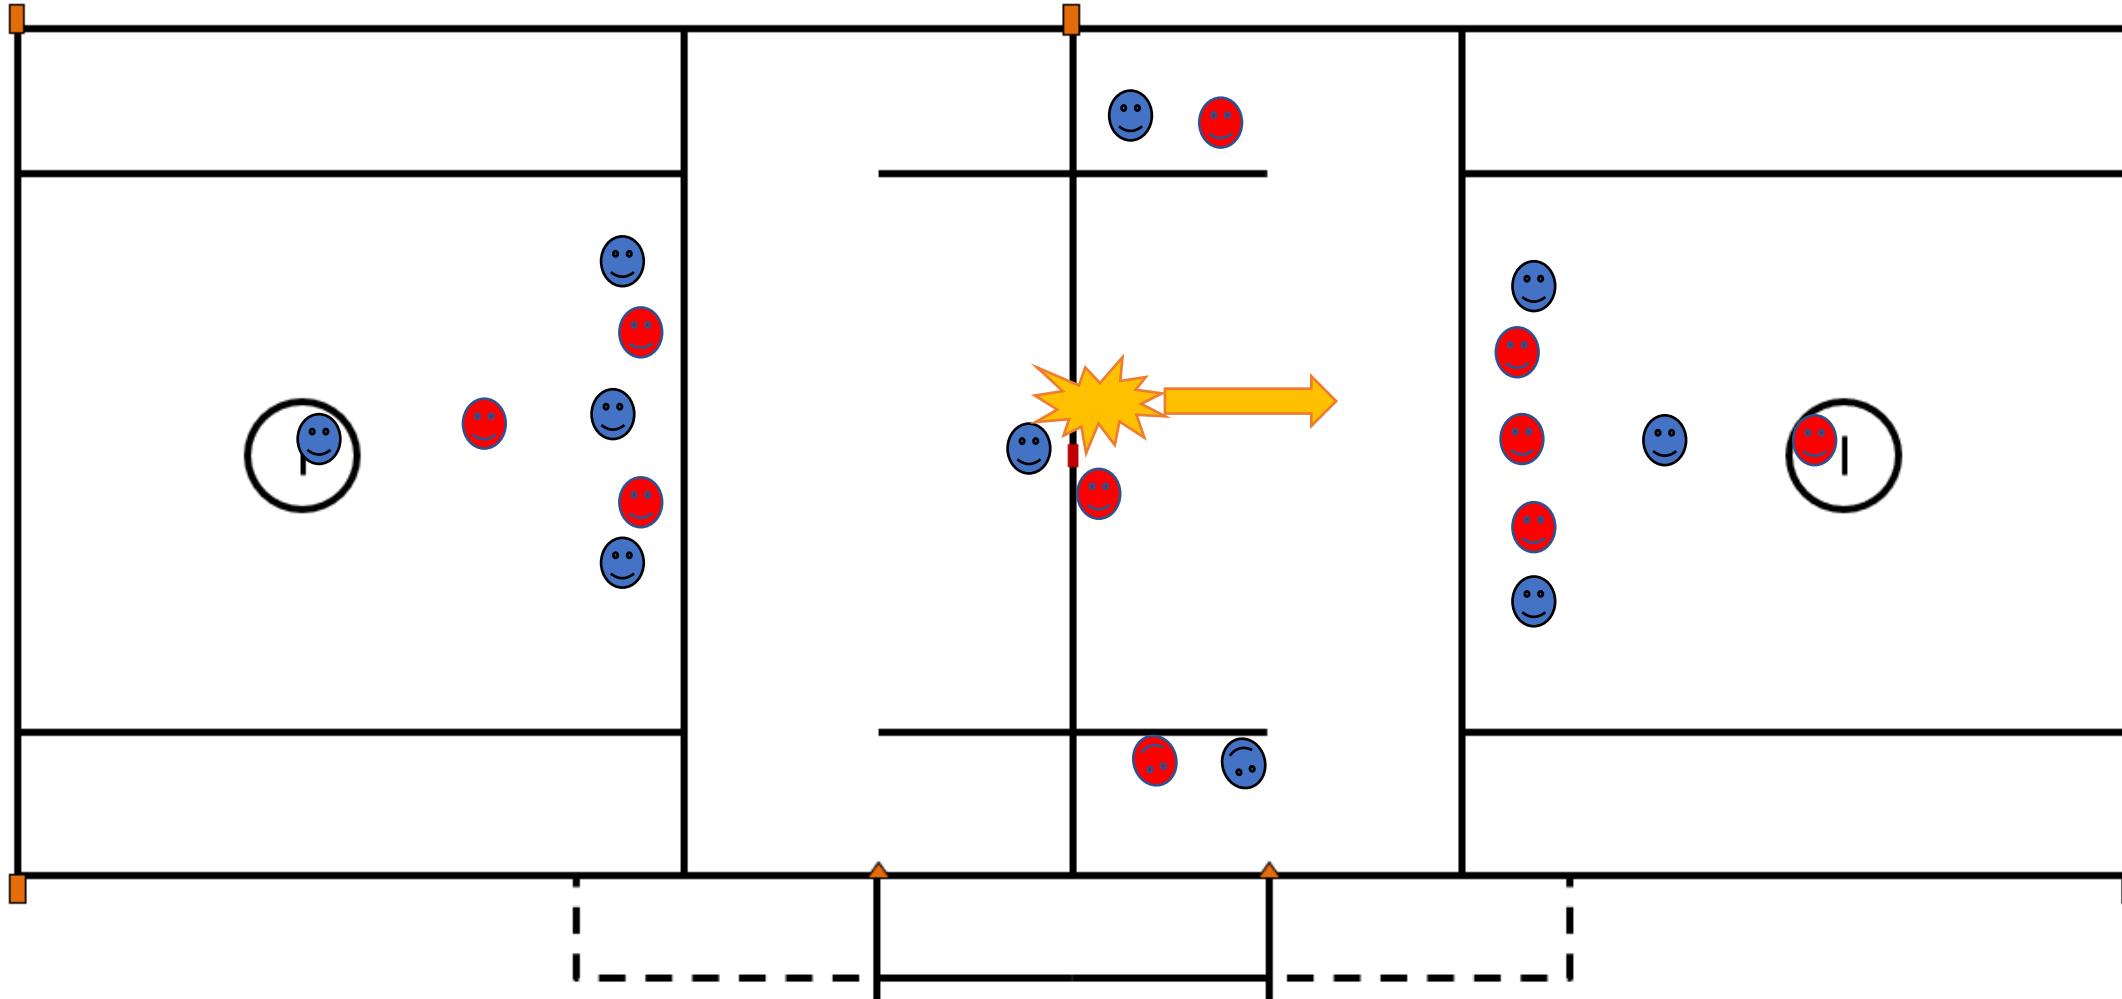

- A wing must be left open
- If penalty time has expired and possession has been signaled on the faceoff, player in the box is released.
- If penalty time has expired but no possession has been signaled, the player must remain in the box until the official's signal possession

Questions

LOOSE BALL, TECHNICAL FOUL DURING A FACEOFF

WHAT DO WE DO WITH THE PLAYERS BEHIND THE RESTRAINING LINES?

WHEN DO WE SIMPLY START OVER?

WE DON'T ALWAYS GET A CLEAN FACEOFF

Ball goes out of bounds in midfield and officials don't know who last touched the ball

An inadvertent whistle before the ball crosses the restraining line

An injury occurs in the midfield area

Simultaneous fouls of equal duration occur while the ball is loose

Official calls timeout before a team gains possession

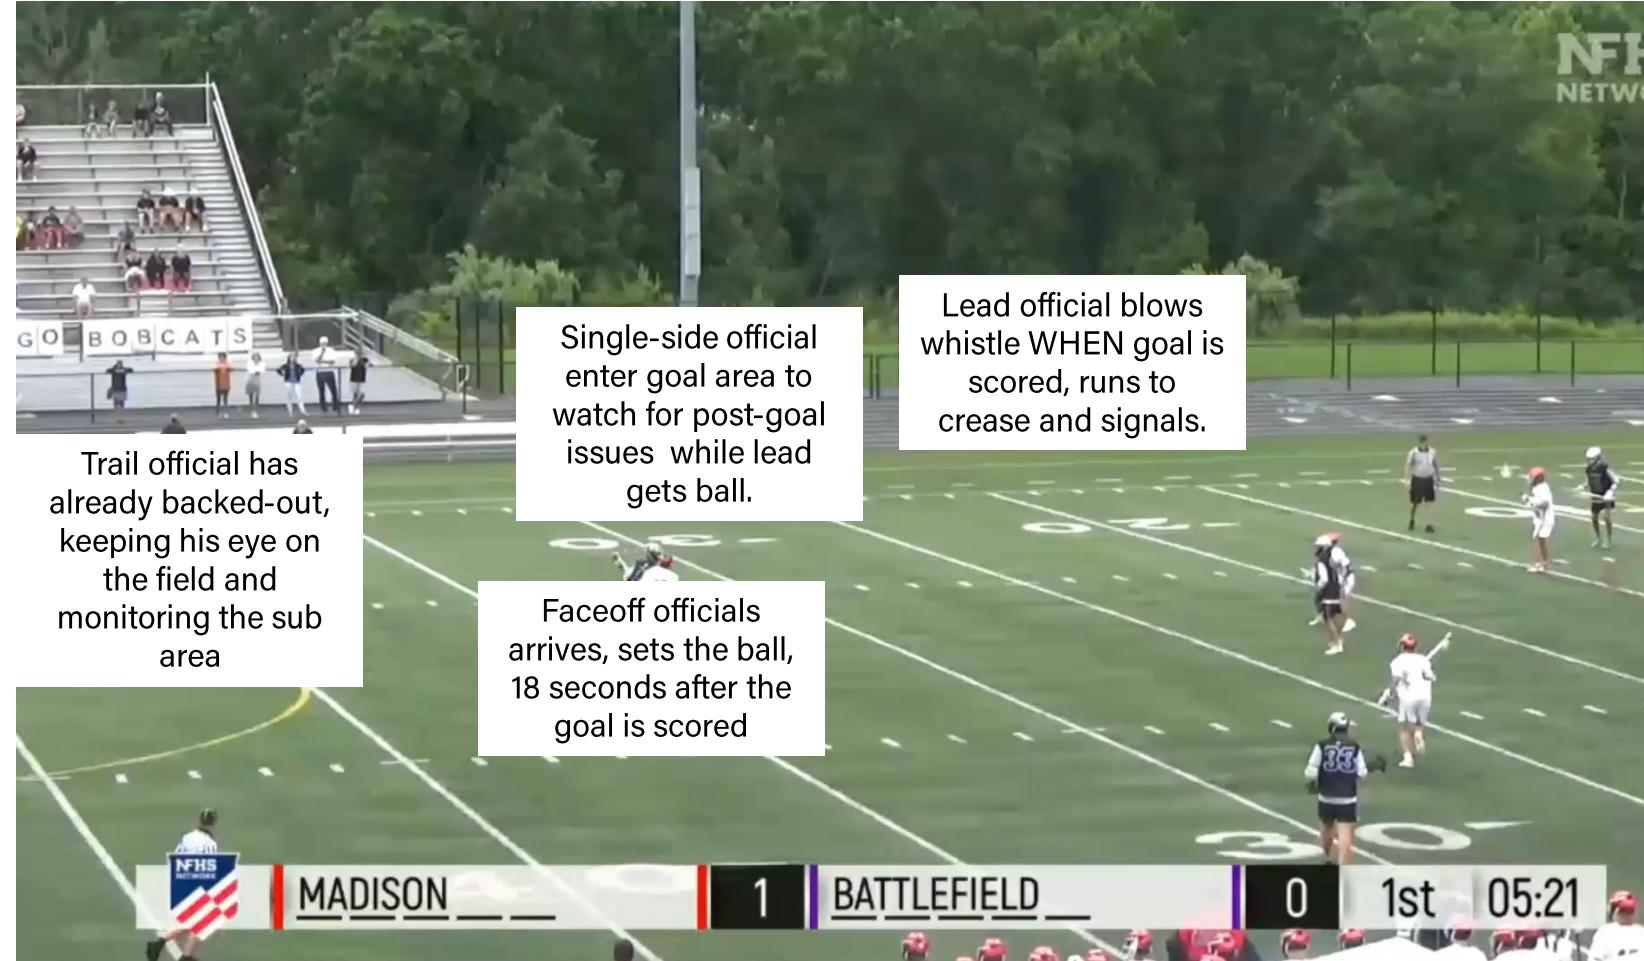

If a player loses mandatory equipment while ball is loose and has not crossed restraining line.

FACEOFF AFTER GOALS

WHAT IT LOOKS LIKE WHEN DONE CORRECTLY

- When a goal is scored and the ball has been retrieved, HUSTLE to the faceoff spot
- Write down the scores and such prior to the faceoff near midfield
